## Water Load Bags & certified weights

Capacities of 1t - 35t allow WaterLoads to be used singly or in clusters to produce test loads of upto 100t on one hook. Multiple clusters can be used for higher loads.

### Water Load bag dimensions:

UNIT		FILLED	
Type	Kg	Dia.	H
1-WL	1,000	1.60	1.90
5LH-WL	5,000	2.20	3.10
10-WL	10,000	2.30	4.80
20-WL	20,000	3.20	5.50
35-WL	35,000	4.05	6.60
